## Summer School Report 2023

### **Who was the Summer School offered to?**

Year 6 Offer

All Year 6 students who had accepted a place at KNBS for September 2023 were offered a place at our Summer School. Initial responses indicated that only 108 students were planning to attend, although the final number was 112, as we had a number of last-minute requests.

### **When did it take place?**

The Summer School was held from Tuesday 29<sup>th</sup> August to Friday 1<sup>st</sup> September. Each student was offered a choice of the two full days they wished to attend.

### **What food and drink was offered to students?**

All students were offered food free of charge. Any dietary requirements were ascertained ahead of time to ensure that these were catered for. The menu was of a 'take-away' style and included a drink (flavoured water or still water), fruit, as well as a daily 'special' main course. Students were encouraged to bring healthy snacks for break time across the week.

### **What was the rationale for the activities that were included in the Summer School?**

Year 6 Offer

Our Summer School included enrichment, academic, teamwork and ice-breaker activities. Each day, students would engage with a variety. The rationale for this was based upon the following:

- To prepare students for some of the routines that they should expect, including using the canteen
- To assist students in orientating themselves with the school site
- To encourage the development of social skills and the making of new friends
- To introduce students to our Outdoor Education programme
- To introduce students to some of the new subjects that they would study
- To introduce students to some of the key staff

### **Who delivered the Summer School?**

In addition to teaching staff who prepared and delivered their own sessions, in attendance across both summer school offers were also:

- A member of the Senior Leadership Team
- A Designated Safeguarding Lead
- A First Aider
- Canteen staff
- Cleaning staff
- Site team
